## Word From The Director

Welcome Fall! We are almost halfway through our Fall Semester and we have a lot of fun things planned this month. Be sure to check out the important dates in this newsletter so you don't miss out. Recital is just around the corner and our classes are getting very excited to show you what they have been working on! Being on stage is so much fun but the benefits of performing in front of an audience are long lasting. Each recital helps our students build poise and confidence when in front of a crowd, it helps them learn to think on their feet when things go wrong (and things never go as planned in a live show!), and more importantly it gives them an opportunity to share an art form with others.

## Recital News

- Costume Preview book is out! Stop by the front desk to see what costume your dancer is wearing for the show.
- We will try on costumes in class the week of October 14-19
- Watch your inbox for the Recital Bible mid-October. This has **EVERYTHING** you need to know about picture days, dress rehearsal, and recitals. Be sure to read it carefully and completely.
- Mark Your Calendar: Pictures days are November 15-16. Exact times for each class will be included in the Recital Bible.

## Special 4-Week Recreational Preschool Dance

Did you know that 90% of a child's brain development happens before age 5? New experiences, involving music and movement are essential activities for developing brain connections.

At Motion Studio we have a very special place in our heart for our very young students. We offer specially designed, developmentally appropriate classes taught by patient teachers with years of experience. Now your little one can try a very special 4-week session with no registration fee and no recital commitment.

Our next 4-week sessions will start in November. Spots are limited and classes fill quickly.
