### Word From The Director

Classes have started and I love seeing all the familiar faces returning as well as all the new friends joining us in classes and on Zoom! The year is off to a great start and we are so excited about all the new things happening at Motion Studio this coming year. I hope everyone has had a great summer break and I look forward to seeing everyone's hard work in the studio this fall! Don't forget that you can join us on ZOOM if you aren't quite ready to return to the studio.

### Special 4-Week Recreational Preschool Dance

Did you know that 90% of a child's brain development happens before age 5? New experiences, involving music and movement are essential activities for developing brain connections.

At Motion Studio we have a very special place in our heart for our very young students. We offer specially designed, developmentally appropriate classes taught by patient teachers with years of experience. Now your little one can try a very special 4-week session with no registration fee and no recital commitment.

These 4-week sessions will take place in September and November. Spots are limited and classes fill quickly.
