Teacher in Training Program

The objective of Motion Studio's Teacher in Training program is to provide students with a comprehensive understanding of how to nurture, mentor and guide the dance education of others and in turn find their own power of leadership, communication, and deeper understanding of the techniques that they will be teaching. Each trainee will be assigned a class to assist with for the rest of the 2022-2023 season. If your dancer is interested in being a teacher in training please put their name on the list at the front desk. There is no cost to be a part of this program.
